Albany Master Plan Map Now On Display

Two large maps, one showing present land use in Albany and the other outlining the Preliminary General Plan, which has been the subject of two public hearings in recent weeks, are now on display at the Mechanics Bank, 1407 Solano Ave.

The maps were placed there Monday by the Albany Planning and Zoning Commission in order that local residents may become better acquainted with the long-range city plan, according to Chairman George Hoyt.

The sketches will be exhibited at the Mechanics Bank for the next 10 days and then moved to another central location for an additional two weeks' period, Hoyt said.

After the maps have been displayed for about a month, the Commission will then hold a mammoth public hearing shortly after school starts to discuss the plan in greater detail.

Lawrence Livingston Jr., city planning consultant, has been working on the project for the past year. He explained that it presents a broad, general outline covering the next 20 to 25 years and will be flexible to permit changes as conditions warrant.

Quacking Ducks, Squaking Neighbors Prompt Action

After a series of complaints, the Albany City Council today has taken steps to limit the number of ducks, geese, pigeons and rabbits that may be kept around a home as domestic pets.

The City Council Monday night authorized City Atty. Robert Foley to draft a new ordinance that would limit ducks and geese to two and other fowl to 25.

The original draft of the ordinance would allow Albany residents to keep no more than 25 of any variety of poultry and rabbits. Then the question of limit came up for discussion.

"Can you imagine being the neighbor of 25 quacking duck or geese?" Councilwoman Mrs. Kathie Zahn asked her colleagues. "It's far too many," she added.

Councilman Jerome Blank pointed out that it was the intention of the proposed ordinance to limit the fowl and if they become too noisy the license would be revoked.

"God gave the duck a voice,"

The youth was then transferred to Highland Hospital.

Several weeks ago Jack spent a short vacation in Lake County, returning home to 1079 Peralta Ave. on July 17, Mayor Howell said.

RECEIVING diving lessons as part of Albany's Pool's "Operation Tadpole" swimming program this summer are, left to right, Bill Sherry, Linda Johnson, Nancy Pyle, Christopher Vip, and looking on is Wally Patch, instructor.—Gazette Photo.

Area Small Fry Learn to Swim At Local Pool

More than 700 children between 3½ and 5 years of age from seven communities are enrolled today in "Operation Tadpole," the only swimming program of its kind in the East Bay, at Albany Pool.

Several years ago, "Operation Tadpole" was inaugurated to meet a real need in the community and surrounding areas," he explained.

"Most communities wait too long before giving children this most vital experience," he added.

Mothers must feel the same way because they bring children from Berkeley, Kensington, El Cerrito, Oakland, Richmond and Pinole as well as from Albany to receive swimming instruction.

"Operation Tadpole" is only part of the overall swimming instructional program at Albany Pool this summer. There are 2700 children enrolled in the year-around program.

The annual report for the years 1953-54 shows there were 1100 half-hour classes given with 43,203 children enrolled in classes. "Believe me, Albany Pool is no white elephant," Griffin commented.

Theme Announced For 9th Annual Parade of Lights

"Westward the Course of Empire" is the theme chosen by the sponsoring Berkeley Junior Chamber of Commerce for Berkeley's Ninth Annual "Parade of Lights" scheduled to be held Friday night, September 17th, through the streets of downtown Berkeley.

The parade is the main feature of the City of Berkeley's Football Festival, a week-long celebration ushering in the national college football season. It is on the eve of Cal's opening game with the University of Oklahoma on September 18.

The West's greatest night spectacle will be staged on the streets of Berkeley before an estimated 250,000 spectators. The two-hour procession of floats, marching units, bands, drill teams, and novelty units will present the migration of people, industry and commerce to the west from the covered wagon days to the present.

Last year's parade theme was "Peace and Prosperity to the Growing West." Every float will be lighted brilliantly so that this will truly be a "Parade of Lights."

Parade groups will proceed from the area of Berkeley Island south on Milvia St., from Adeline to Shattuck, north on Shattuck to University and down University to California St.

Included in the week of Festival activities, besides the parade, are the arrival of queens from throughout the United States and Canada to compete in the title of "Miss Football of 1954," the coronation ball at the Hotel Claremont, an air flight for the press and co-ed queens over Northern California, a garden party given by Claude Gilman, of the Hotel Claremont and some special features still in the planning stage.

Organizations wishing to participate in the parade can secure entry blanks at Festival Headquarters, 2085 Allston Way.

Mrs. Ronald Reagan
WHY DO YOU PREFER
BLUE BONNET?

Mrs. Ronald Reagan, popular wife of the famous movie star, is a winsome socialite of Pacific Palisades, California.

"Golden BLUE BONNET Margarine has the table quality I like. It is so smooth spreading and always tastes sunny-sweet. As for nutrition, BLUE BONNET, unlike most margarines, furnishes both vitamins A and D. So, naturally, I choose BLUE BONNET on all three counts—Flavor, Nutrition, Economy!"

Be sure you get the best of these big 4

1 price

Take a look at what you pay and what you get. You'll see that Chevrolet has more for you and asks less from you. It's priced below all other lines of cars. That's possible because Chevrolet builds the most cars—and can build them better to sell for less!

2 economy

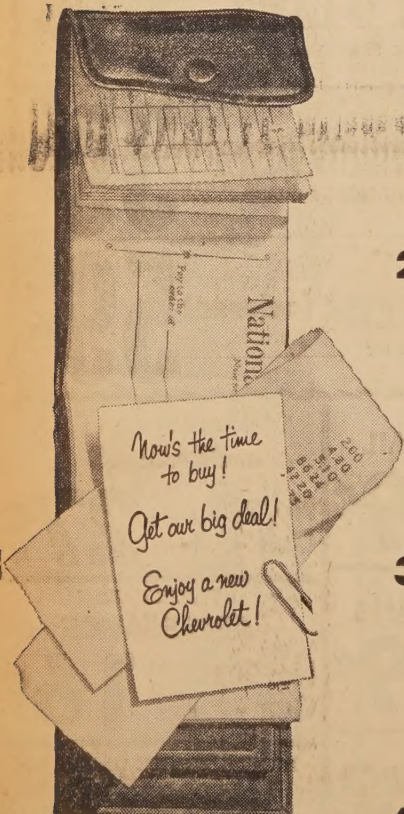

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over all the miles you drive!

3 performance

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern high-compression power. That's just what Chevrolet gives you—the highest-compression power of any leading low-priced car. Come in for a demonstration ride!

4 appearance

You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher. It's the look America likes best!
